FOREWORD

THE European Gold Coins comprising Lots 1–76 of this catalogue seemed to us to be important enough to warrant especially full treatment. The catalogue therefore contains a full photographic and metrological record of the coins and a rather fuller description of each than (from the point of view of selling the coins) is strictly necessary. Their importance is that this is probably the most comprehensive group of English ryals and Dutch rose nobles yet grouped in one sale and it throws useful light on some of the problems which have been highlighted by Thompson (BNJ XXV). Ives and other writers on the subject. The Serooskerke references are to the article by van Gelder (JMP, LII/LIII, 1965/6, Pt. II, pp. 127-205) and the Lot number of the Schulman (Amsterdam) Sale No. 244, 15th November, 1966.

The collection formed by the late W. H. Bennett is somewhat unconventional, gathered together by someone with a catholic mind. Some of the cataloguing has posed problems; sometimes the coins have been lotted chronologically rather than geographically, especially Europe. It contains, however, a surprising number of coins of specific historical interest not often offered together in one sale. Many of the Eastern pieces are ticketed by the late P. Thorburn and many of the European pieces are from the sales of Lord Grantley.

COIN CATALOGUES

On the average we issue twelve or more Coin Catalogues each year, some of which are usually of sales of important collections.

CATALOGUE SUBSCRIPTIONS

PRE-SALE CATALOGUES, frequently illustrated, are normally posted to subscribers about three weeks prior to the date of Sale.

PRICED CATALOGUES (not illustrated) are issued after each Sale with the prices realised printed in the margin opposite each Lot, thus giving at a glance a reliable guide to values. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading.

The Priced Catalogues are posted to subscribers as soon as ready, usually about three weeks after the date of Sale.

Subscription Rates

(*commencing from 1st January*)

Pre-Sale Coin Catalogue	.....	£1.00 per annum
Priced „ „	.....	£2.00 „ „

(Reductions for new subscribers commencing after 1st April.)

All subscriptions expire on 31st December, and renewal reminders are issued. Catalogues of past Sales cannot be supplied.

AIR MAIL

To allow subscribers resident outside Europe time to submit postal bids, Pre-Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and must be borne by the subscriber In such cases an additional £2.00 should be sent as a deposit and we will advise when this is exhausted.
